#### **4. Policy Statement**

We believe that everyone should at all times be treated with dignity and respect. Livv Housing Group, Livv Maintenance and our contractors will ensure that when we are delivering services, the welfare of children and adults at risk is of primary concern.

#### **Definitions**

Definition of a child – any person who has not attained the age of 18, regardless of the setting they are in or the service they receive (Safeguarding Vulnerable Groups Act 2006).

Definition of an adult at risk – an adult at risk is a person aged 18 years or over and at risk of abuse or neglect because of their need for care and support (Department of Health).

An adult at risk may therefore be a person who, for example:

For the purposes of the policy, reference to an adult includes tenants, clients or any customers.

Definition of abuse – Abuse is a violation of an individual's human and civil rights by any other person or persons (Department of Health Report 2000 – No Secrets).

Abuse can take many forms and can include:

- Financial abuse
- Neglect or acts of omissions
- Institutional abuse
- Discriminatory abuse
- Radicalisation of children and young people by political and religious extremists

## **Service standards**

We aim to provide high quality services to our customers that are effective and culturally sensitive. When we identify concerns regarding the welfare of children and adults at risk we will:

- Maintain strict confidentiality whilst dealing with cases where abuse occurs or is suspected
- Inform victims that some personal information may need to be shared even without the consent of the individual
- Make the safety and wellbeing of the person considered at risk our first priority
- Pass on our concerns swiftly to Children's or Adults Services at Knowsley Council (or other relevant Local Authority) through established referral arrangements, where the appropriate thresholds are met
- Involve other agencies such as the police where this would be appropriate
- Engage with key partners to facilitate effective responses to instances of abuse.

## **Our approach to safeguarding children and adults at risk**

### **General Principles**

We aim to provide the highest possible standard of service to our customers. In doing so we recognise that we must do all that we can to protect children and adults at risk from abuse when they are engaged in services organised or delivered by us. We want to ensure that we have working practices in place that will help us identify abuse and enable us to take action to prevent abuse from happening.

Our approach to adults at risk is underpinned by the six key principles set out in the Care Act 2014:

Empowerment – Personalisation and the presumption of person-led decisions and informed consent.

Prevention – It is better to take action before harm occurs.

Proportionality – Proportionate and least intrusive response appropriate to the risk presented.

Protection – Support and representation for those in greatest need.

Partnership – Local solutions through services working with their communities. Communities have a part to play in preventing, detecting and reporting neglect and abuse.

Accountability – Accountability and transparency in delivering safeguarding.

## **Responsibility and Training**

All staff, agency workers, contractors and volunteers have a responsibility to safeguard children and adults who may be at risk. This includes sharing information and raising alerts where abuse is suspected.

We will do this by:

- Employing recruitment and induction arrangements for new staff that have regard to our approach to safeguarding\*
- Ensuring all staff, agency workers contractors and volunteers, are made aware of how to access and implement our Safeguarding Policy and Procedures.
- Using training and supervision sessions to raise awareness about safeguarding.
- Identifying and training internal Safeguarding Specialists who can advise staff and managers within the organisation.
- Ensuring all contractors and external partners understand our approach to safeguarding.

*\* We are committed to ensuring the safeguarding of our customers. In order to help achieve the appropriate levels of safeguarding, all new job roles will be reviewed by the recruiting manager at the time of vacancy authorisation. The review will determine if the role requires the job holder to work in close contact with vulnerable adults or children and where it is identified that this is the case the necessary checks will be put into practice. The check currently undertaken is a DBS (Disclosure and Barring Service) check, but the checks used will be whatever is deemed appropriate for the role at the time of review.*

## **Reporting**

Where abuse occurs or is suspected our principle concern will be the safety and wellbeing of the person considered at risk. All incidents of misconduct or abuse will be reported to the relevant service manager and be recorded as soon as possible after the event. All staff and contractors have responsibility for raising safeguarding concerns.

We will adopt appropriate practices to ensure that information is passed swiftly to Children's or Adults Services at Knowsley Council in accordance with established referral arrangements. In most cases this will be through the MASH (Multi Agency Safeguarding Hub), using the MARF (Multi Agency Referral Form). Where it is considered appropriate, we will report concerns to the police or other relevant agencies.

Where allegations are made against staff or contractors, concerns should be reported to the manager responsible for the service area or the head of service immediately. Human resources will be involved from the outset and reports will be investigated thoroughly in accordance with our safeguarding procedures.

## **Sharing information and confidentiality**

We will share information where it is necessary to do so in the best interests of an individual to protect them from harm or abuse. We will normally seek

consent before sharing information but if this is not possible or refused, we will share information with other agencies if in our opinion it is in the best interests of the child or adult at risk. There are also times when legally we must also share such information.

We will maintain strict confidentiality whilst dealing with cases where abuse occurs, is alleged or suspected. Where it is necessary to share information with Children's or Adults Services we will do so accurately and distinguish between facts, opinion and hearsay.

### **Partnership working**

We will maintain close links with Knowsley Council Children's and Adults Services and other local agencies. The Executive Director - Customer Insight and teams will take the lead to develop effective partnerships that will enable us to:

- Maintain working relationships with all key agencies to facilitate effective responses to instances of abuse
- Establish and maintain good practice with regard to safeguarding procedures and adopt joint working and information sharing protocols
- Participate in joint training
